The following is an examiner's statement of reasons for allowance: The reference to Swan is not available as prior art because of the provisions of 35 U.S.C. 119 (e)(1) and the prior art of record does not show nor make obvious an apparatus and method for conditioning air within the enclosed space of a building having a fan adjacent the bottom floor, a conduit having a humidifier in communication with the fan and connected to outlets to the exterior of the building and the enclosed space controlled by a valve such that the fan removes air from the bottom floor to the exterior to dehumidify the space and humidifies the space by operating the fan and humidifier to provide humidified air to the space.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
